

MOUSE vs CHEESE

A Print & Play Sandbox Game of Mice, Cheese and Creativity for 2 players.

1. You need 2 players and a pencil.
2. Choose who is Mouse and who is Cheese.
3. Cheese doodles a cheese in the bottom right of the canvas below; Mouse doodles a mouse bottom left.
4. Mouse always try to get Cheese; Cheese must try to block Mouse.
5. Starting with Cheese, take it in turns to doodle something on the canvas that will meet your aim.
6. E.g., Cheese draws a wall to block Mouse, then Mouse draws a trampoline to get over the wall.
7. You cannot erase another player's doodle.
8. Play continues, until someone gives up, gets bored or the canvas is full.
9. Finally, frame your canvas and sell it on etsy.
10. I felt like a strange number of steps, so I added one more.
